PROJECTS

Waterfront East Development Project; NDC Project No. 1 – Jefferson Village Project; and Mt. Elliott-Wight Development Project: Landscape Services Contract with Grace Management Services, Inc.

Mr. Robertson reported that as part of the East Riverfront, Jefferson Village and Mt. Elliott Projects, the EDC provides landscape maintenance services for various areas within the Project. The boundaries of the East Riverfront Project Area are Woodbridge (north), Atwater (south), Jos Campau (east), and Riopelle (west). Jefferson Village Project – the boundaries are Jefferson (north), St. Clair (east), Freud (south) and St. Jean (east). Light House Depot – the project is located on Mt. Elliott (south) of Jefferson (the "Project Area").

April 24, 2018

500 Griswold, Suite 2200 • Detroit, Michigan 48226 • (313) 963-2940
To prepare for the required landscape maintenance, the EDC staff publicly advertised and issued a Request for Proposal ("RFP") in March 2018 for the performance of area landscape maintenance and vegetation control services in the Project Area. The work entails trash & debris removal, mowing vacant lots, weed control, minor fertilization for the Project Area ("Work").

Upon reviewing the responses to the RFP (3) proposals were submitted;

<tr>

</tr>
<tr>
<td>Grace Management Services</td>

</tr>
</tbody>
</table>

The EDC staff determined that Grace Management Services, Inc. (the "Contractor") was the most qualified, responsive bidder with a total bid amount of $24,079.00 for the three (3) Project Areas. The contract is for a one (1) year term, starting May 2018 through November 30, 2018, with the contract value allocated as follows:

EDC staff therefore recommended that the Board authorize EDC staff to negotiate and enter into an agreement with the Grace Management Services for performance of the Work (the "Agreement") in an amount not-to-exceed Twenty-Four Thousand Seventy-Nine and 00/100 Dollars ($24,079.00).

Finally, the EDC staff recommended an owner’s contingency of $2,407.90 to manage unforeseen conditions or additional work for the season.

A resolution, which includes Work for the Waterfront East, Mt. Elliott-Wight, and NDC #1 – Jefferson Village, was included for the Board’s consideration.

Subsequent to a discussion, the Board took the following action:

On a motion by Ms. Bruhn, seconded by Mr. Roling, Resolution Codes EDC 18-04-70-67; 18-04-68-11; and 18-04-13-97 were unanimously approved.

**Motor City Match Recommendation for Round 11 Business Awards**

Mr. Askew distributed a map identifying the locations of the proposed Round 11 Cash Awardees for the Board’s information.

Mr. Askew advised that on December 1, 2017, the EDC’s Motor City Match program began accepting applications for Round 11 of the Business Owner Application Track. The Business Owner Application Track is for businesses from Detroit and around the world that are looking to start or expand in Detroit. When applications closed on January 8, 2018, the EDC had received over 262 business applications (“Application”).

This focuses on the selection and recommendation of awardees for:

- "Business Plan" award track receiving business planning assistance
- "Space" award track receiving site selection assistance
- "Design" award track receiving architectural design, permitting and bidding assistance for pre-development
- "Cash" award track receiving grants and financing assistance

First, staff verified business eligibility based on self-reported data submitted in the application for the following five criteria:

1. The business is incorporated and has a registered EIN and DUNS prior to receiving a grant award
2. The business wishes to locate in Detroit for at least two years
3. The business is majority-owned by a person who is at least 18 years or older
4. The business and all owners are in good standing with the City of Detroit, State of Michigan and IRS, and
5. The business is not part of a franchise.

April 24, 2018
Second, staff sorted applications into various award tracks and reviewed eligible business applications to determine finalists. The awards were selected using the 100-point scale detailed below. Finalist applicants were identified as follows:

- "Business Plan" applicants have great business ideas but haven't formulated a business plan yet or need help strengthening their business plans before pursuing space. In total, sixty (60) Business Plan finalists were selected.

- "Space" applicants are actively looking for space. These business applicants are either new business ventures that have a solid business plan or they are existing businesses with a track record of success and a plan to grow it. Twenty-four (24) space awardees were selected.

- "Design" applicants have great business plans and have secured a space but need help planning for renovations. In some cases, these businesses are tenants; in other cases, these businesses own the building they plan to open their business in. In total, seven (7) Design finalists were selected.

- "Cash" applicants have a location secured, a plan for build-out and strong understanding of the money needed to start their business and complete renovations at their space. In total, thirty-five (35) Cash finalists were selected.

Third, a team of outside jurors evaluated finalist applications based on five criteria. "Business Plan" applications were initially reviewed by a team of business planning service providers, as well as members of the Motor City Match staff. "Space" finalists were reviewed by a team of community stakeholders from across various parts of the city and "Design" and "Cash" finalists were reviewed by a team of business leaders and lenders. "Business Plan", "Space", "Design", and "Cash" applications were scored on a scale of 1-100. Each of the five criteria is worth 20 points to contribute to the 100-point score. Selection criteria are as follows:

1. Vision and plan
2. Experience
3. Market support
4. Community support
5. Leverage

"Cash" finalists were required to submit supplemental information. "Cash" finalists submitted comprehensive financial information, including a standard loan application and personal financial statement. Motor City Match staff compiled this supplemental information to determine the financial need, equity investment and "financial gap" for each business. Next, Motor City Match staff met with a team of six local Community Development Financial Institution (CDFI) lending partners on March 29, 2018, to determine grant and loan investment required to fill the financial gap for each project. CDFI partners include Invest Detroit, Detroit Development Fund, Capital Impact Partners, LISC, Michigan Women's Foundation and Detroit Micro-Enterprise Fund. CDFI partners made commitments to explore the balance of the financial gap based on recommended grant investment from Motor City Match. Motor City Match staff used lender interest,
participant scores, supplemental information and readiness to accept additional investment to determine “Cash” awardees and associated grant investment.

Finally, staff compiled juror scores to identify top ranking candidates for awards.

EDC staff recommends:

- Forty-nine (49) “Business Plan” awardees for business planning are presented in Exhibit A.
- Twenty-four (24) “Space” awardees for site selection are presented in Exhibit B.
- Seven (7) “Design” awardees are presented in Exhibit C.
- Twelve (12) “Cash” awardees to receive a total of $500,000 in grant investment, as described on Exhibit D.

EDC staff will contract with independent business planning service providers to deliver services to “Business Plan” awardees. EDC anticipates that Build Institute and LifeLine will provide business planning training for up to 49 Round 11 Motor City Match “Business Plan” awardees.

EDC staff will facilitate one-on-one match making between top ranking businesses and building owners recognized as “Space” awardees. Match making services will include open houses and networking sessions between business owners and building owners. In addition, technical assistance will include expert guidance on leasing, financial planning and assessing market opportunities.

EDC staff will hire contractual professional architect, engineering and construction providers to deliver design-build assistance to “Design” awardees with design-build independent contractors to provide pre-development design services for the seven (7) Round 11 Motor City Match “Design” awardees.

The EDC will enter into grant agreements with Round 11 Motor City Match “Cash” awardees and facilitate introductions to lending partners to pursue gap financing through these independent sources.

Mr. Askew reviewed the list of cash awardees, giving descriptions and locations of the businesses, and responded to Board members’ questions.

Ms. Forte asked if Mr. Askew could provide via email the breakdown of total investment.

Ms. Bruhn requested a status report on the Motor City Match awardees from previous rounds.

A discussion took place regarding the two businesses that had previously received grants that had closed, and what could be done by staff in the future to monitor the businesses and reach out to them with advice/help to sustain their business and prevent closure. The Board also suggested staff take a look at what considerations in the future could be added to the process, like demand for services in the area, adequate parking, etc., and report back.

April 24, 2018
A resolution approving the staff’s recommendation of “Business Plan”, “Space” and “Design” awardees and recommending to the Board staff’s recommendation of “Cash” awardees was included with the memorandum for the Board’s consideration.

Ms. Bruhn informed that she is on the Board of the Grandmont Rosedale Development Corporation and deferred to counsel regarding voting. Ms. Navin recommended that she abstain from voting on just the GRDC grant.

Subsequent to the discussion, the Board took the following action:

On a motion by Mr. Stallworth, seconded by Mr. Quarles, Resolution Code EDC 18-04-91-63 was approved, with Ms. Bruhn abstaining on the Grandmont Rosedale Development Corporation grant.

Motor City Match Recommendation for Round 11 Building Awards

Mr. Askew reported that on December 1, 2017, the EDC’s Motor City Match program began accepting applications from interested building owners for Round 11 of the Building Application Track (“Round 11”). The Building Application Track is for Detroit property owners with a vacant space looking for quality new tenants. Awards include pre-development assistance, marketing and tenant recruiting. Properties that are matched with businesses are considered for grants, financing and priority permitting. The table below describes the levels of award and qualifications.

When applications closed on January 8, 2018, the EDC had received twenty-three (23) applications ("Application") for spaces all across the city of Detroit. An Application typically refers to a single tenantable space within a property. One property may have submitted multiple Applications and the properties may have previously matched but have leaseable space.

Staff completed the following due diligence and evaluation process:

• Verified that the space referenced in the Application is current and compliant on property taxes, tickets, and water bills.

Each Application was evaluated and scored on a scale of 1-100 as follows:

• Each of the following factors contributed up to 20 points: (1) Building characteristics and vision; (2) Building conditions; (3) Community and market support; (4) Leverage; and (5) Compliance.

• Evaluations were conducted by EDC staff.

• EDC staff scores were averaged together to achieve the final score for building characteristics and vision, community and market support, and leverage.

• The score for building conditions was derived from the professional building assessment conducted by PSI as well as self-reported data from the property owner.

• The score for compliance was derived based on the payment of taxes, water bills, and tickets.

The results of the due diligence and evaluation process are the following:

• Of the twenty-three (23) applications considered for Round 11, three (3) applications were deemed ineligible because of condition or compliance. Four (4) properties had been previously awarded, leaving sixteen (16) eligible Building Applications to be considered for Round 11 awards.

• Fourteen (14) eligible Round 11 building applications indicated they had space available for lease. These building owners are recommended to receive “Space” awards to assist with marketing their property and recruiting tenants.

April 24, 2018
The remaining two (2) eligible applicants indicated that they had a tenant secured and no additional space to lease. This makes these applicants eligible for consideration for “Design” or “Cash” awards in partnership with their tenants.

- One (1) property from Round 7 applications fulfilled the eligibility requirements and is recommended to be included in the Round 11 “Space” awards.

- Based on eligible applications and review of scores, EDC staff recommended the following Round 11 Building Owner Awards:
  
  o **Space awards.** Fifteen (15) properties are recommended to receive Space awards as presented in Exhibit A, which includes marketing, a professional building assessment, real estate tours and other matchmaking activities with top Motor City Match business applicants. These top scoring buildings are recommended to receive “Top Property” designation to assist with marketing and tenant recruiting.

  o **Design Awards.** Seven (7) properties are recommended to receive “Design” awards in partnership with their tenants presented in Exhibit B, which includes architectural technical assistance for tenant build-out and building renovations.

EDC staff requested that the Board accept the current results of the Round 11 Building Application evaluation process and confirm the Applications that have been awarded “Space” and “Design” awards.

Mr. Stallworth suggested when staff is evaluating the properties that they identify what is the “best use” for the properties.

A resolution was included for the Board’s consideration.

Subsequent to a discussion, the Board took the following action:

On a motion by Mr. Quarles, seconded by Mr. Roling, Resolution Code EDC 18-04-91-64 was unanimously approved.

**I-94 Industrial Park—Lease to L.I.J.B.S Enterprises Inc.**

Mr. Jordan advised that L.I.J.B.S. Enterprise, LLC. (“LIJBS”), a local automotive repair, sales, towing and mobile container rental company has an existing operation located near the I-94 Industrial Park at 6380 Marcus, as shown on Exhibit A included in the Board material. The EDC owns the 5.98 acres of land shown in Exhibit A (the “EDC Land”).

The Lease will allow the EDC to collect substantial revenue until a permanent user or developer is identified for the land.

LIJBS will use the 5.98 acres to store and operate its mobile container business. An example of the product was shown in Exhibit B in the Board material.

April 24, 2018
Representatives from the EDC and LIJBS have negotiated the terms of a Lease Agreement in a Term Sheet included in the Board material as Exhibit C, pursuant to which the EDC will lease the EDC land to LIJBS. LIJBS will accept the land on an as-is, where-is basis, and, promptly sign a lease agreement.

Staff requested the Board's approval to execute and consummate a Lease Agreement. A resolution was included for the Board's consideration.

Subsequent to a discussion, the Board took the following action:

On a motion by Mr. Stallworth, seconded by Mr. Roling, Resolution Code EDC 18-04-12-49 was unanimously approved.
