PROJECTS

Motor City Match Recommendation for Round 15 Building Awards

Mr. Lucco advised that on December 1, 2018, the EDC’s Motor City Match program began accepting applications from interested building owners for Round 15 of the Building Application Track (“Round 15”). The Building Application Track is for property owners with a vacant space looking for quality new tenants. Awards include pre-development assistance, marketing and tenant recruiting. Properties that are matched with businesses are considered for grants, financing and priority permitting. The table below describes the levels of award and qualifications.

                                                                   • Have funds ready for investment |

For “Design” awardees, staff first verified business eligibility based on self-reported data submitted in the application for the following five criteria:

1. The business is incorporated and has a registered EIN and DUNS prior to receiving a grant award  
2. The business wishes to locate in Detroit for at least two years  
3. The business is majority-owned by a person who is at least 18 years or older  
4. The business and all owners are in good standing with the City of Detroit, State of Michigan and IRS, and  
5. The business is not part of a franchise.

Second, staff sorted relevant applications into the Design award track and reviewed eligible business applications to determine awardees. The awards were selected using the 100-point scale detailed below. Design awardees were identified as follows:

• “Design” applicants are actively looking for architectural assistance. These business applicants are either new business ventures that have a solid business plan and a secured
space or they are existing businesses with a track record of success and a plan to grow it within the secured space. Three (3) "Design" awardees were selected.

Third, staff conducted site visits for Design applicants at the space in which the applicant plans to open their business. A team of outside jurors and staff evaluated "Design" applications based on five criteria. The applications were scored on a scale of 1-100. Each of the five criteria is worth 20 points to contribute to the 100-point score. Selection criteria are as follows:

1. Vision and plan
2. Experience
3. Market support
4. Community support
5. Leverage

When Building Owner applications closed on January 15, 2019, the EDC had received twenty-three (23) applications ("Application") for spaces across the city of Detroit. An Application typically refers to a single tenantable space within a property. One property may have submitted multiple Applications and the properties may have previously matched but have lease-able space.

Staff completed the following due diligence and evaluation process:

- Verified that the space referenced in the Application is current and compliant on property taxes, tickets, and water bills.

Each Application was evaluated and scored on a scale of 1-100 as follows:

- Each of the following factors contributed up to 20 points: (1) Building characteristics and vision; (2) Building conditions; (3) Community and market support; (4) Leverage; and (5) Compliance.
- Evaluations were conducted by EDC staff.
- EDC staff scores were averaged together to achieve the final score for building characteristics and vision, community and market support, and leverage.
- The score for building conditions was derived from the self-reported data from the property owner.
- The score for compliance was derived based on the payment of taxes, water bills, and tickets.

The selection process is described in greater detail in Section 6 of the Motor City Match Building Owner Guidelines.

The results of the due diligence and evaluation process are the following:
• Of the twenty-three (23) applications considered for Round 15, twelve (12) applications were deemed ineligible because of condition or compliance, leaving eleven (11) eligible Building Applications to be considered for Round 15 awards.

• One (1) eligible property was awarded in a previous round

• Ten (10) eligible Round 15 building applications are recommended to receive Space awards to assist with marketing their property and preparing for tenants.

  Nine (9) eligible properties indicated they have space available and will be placed on the MCM map.

• Based on eligible applications and review of scores, EDC staff recommends the following Round 15 Building Owner Awards:

  o **Space awards.** Ten (10) properties are recommended to receive “Space” awards as presented in Exhibit A included in the Board material, which includes marketing, a professional building assessment, real estate tours and other matchmaking activities with top Motor City Match business applicants. These top scoring buildings are recommended to receive assistance with marketing, tenant recruiting and tenant preparedness

  o **Design Awards.** Three (3) properties are recommended to receive “Design” awards in partnership with their tenants presented in Exhibit B included in the Board material, which includes architectural technical assistance for tenant build-out and building renovations.

EDC staff requested that the Board accept the current results of the Round 15 Building Application evaluation process and to confirm the Applications that have been awarded “Space” and “Design” awards. A resolution was included for the Board’s consideration.

Subsequent to the discussion, the Board took the following action:

  On a motion by Mr. Hodge, seconded by Mr. Osei, Resolution Code EDC 19-06-91-91 was unanimously approved.

**Motor City Match Recommendation for Round 15 Business Awards**

Mr. Lucco reported that on December 1, 2018, the EDC’s Motor City Match program began accepting applications for Round 15 of the Business Owner Application Track. The Business Owner Application Track is for businesses from Detroit and around the world that are looking to start or expand in Detroit. When applications closed on January 4, 2019, the EDC had received 219 business applications ("Application") for Round 15.

The memorandum and resolution focus on the selection and recommendation of awardees for:

- "Business Plan" award track receiving business planning assistance
- "Space" award track receiving site selection assistance
- "Cash" award track receiving grants and financing assistance

First, staff verified business eligibility based on self-reported data submitted in the application for the following five criteria:

1. The business is incorporated and has a registered EIN and DUNS prior to receiving a grant award
2. The business wishes to locate in Detroit for at least two years
3. The business is majority-owned by a person who is at least 18 years or older
4. The business and all owners are in good standing with the City of Detroit, State of Michigan and IRS, and
5. The business is not part of a franchise.
Second, staff sorted applications into various award tracks and reviewed eligible business applications to determine finalists. The awards were selected using the 100-point scale detailed below. Finalist applicants were identified as follows:

- “Space” applicants are actively looking for space. These business applicants are either new business ventures that have a solid business plan or they are existing businesses with a track record of success and a plan to grow it. Ten (10) space awardees were selected.

- “Cash” applicants have a location secured, a plan for build-out and strong understanding of the money needed to start their business and complete renovations at their space. In total, eleven (11) Cash finalists were selected.

Third, a team of outside jurors evaluated finalist applications based on five criteria. “Business Plan” applications were initially reviewed by a team of business planning service providers, as well as members of the Motor City Match staff. “Business Plan” applicants have great business ideas but haven’t formulated a business plan yet or need help strengthening their business plans before pursuing space. “Space” finalists were reviewed by a team of community stakeholders from across various parts of the city and “Cash” finalists were reviewed by a team of business leaders and lenders. “Business Plan”, “Space”, and “Cash” applications were scored on a scale of 1-100. Each of the five criteria is worth 20 points to contribute to the 100-point score. Selection criteria are as follows:

1. Vision and plan
2. Experience
3. Market support
4. Community support
5. Leverage

“Cash” finalists were required to submit supplemental information. “Cash” finalists submitted comprehensive financial information, including a standard loan application and personal financial statement. Motor City Match staff compiled this supplemental information to determine the financial need, equity investment and “financial gap” for each business. Next, Motor City Match staff met with a team of six local Community Development Financial Institution (CDFI) lending partners on March 22, 2019, to determine grant and loan investment required to fill the financial gap on each project. CDFI partners include Invest Detroit, Detroit Development Fund, Capital Impact Partners, LISC, Michigan Women’s Foundation and Detroit Micro-Enterprise Fund. CDFI partners made commitments to explore lending the balance of the financial gap based on recommended grant investment from Motor City Match. Motor City Match staff used lender interest, participant scores, supplemental information and readiness to accept additional investment to determine “Cash” awardees and associated grant investment.

Finally, staff compiled juror scores to identify top ranking candidates for awards.
EDC staff recommends:

- Twenty-Nine (29) "Business Plan" awardees for business planning are presented in Exhibit A included in the Board material.
- Ten (10) "Space" awardees for site selection are presented in Exhibit B included in the Board material.
- Eleven (11) "Cash" awardees to receive a total of $500,000 in grant investment, as described on Exhibit C included in the Board material.

Mr. Lucco reviewed the recommended "Cash" awards and noted that the Polish Lounge has an address change. It has been changed to 4417 Second Avenue. The location change happened due to rising costs at the original location was recommended by both Motor City Match staff and the lending partners involved in the deal.

EDC staff will contract with independent business planning service providers to deliver services to "Business Plan" awardees that will provide business planning training for up to 50 Round 15 Motor City Match "Business Plan" awardees.

EDC staff will facilitate one-on-one match making between top ranking businesses and building owners recognized as "Space" awardees. Match making services will include open houses and networking sessions between business owners and building owners. In addition, technical assistance will include expert guidance on leasing, financial planning and assessing market opportunities.

The EDC will enter into grant agreements with Round 15 Motor City Match "Cash" awardees and facilitate introductions to lending partners to pursue gap financing through these independent sources.

A resolution approving the staff’s recommendation of "Business Plan", and "Space" awardees and recommending to the Board staff’s recommendation of "Cash" awardees was included for the Board’s consideration.

Ms. Bruhn noted that there are a couple of the cash awardees that have very low equity (5 or 6%) in the project and asked what justifies the large amount of cash award from the EDC and all of these loans. Mr. Lucco responded that with those two applicants, it was determined that there was both a need for the business and a willingness on the part of lenders. Ms. Bruhn requested that in the future, more information about backgrounds be provided on new businesses with such low equity.

Ms. Forte stated that, as a former banker, she really appreciates Ms. Bruhn’s question. Current and former bankers would say that this is not a bank qualified deal—they look for a higher level of equity, more investment, they go through a higher level of underwriting in terms of business investment, etc. And then you have lenders who are in the whole space of doing this type of support to the community. They are not traditional banks, but they understand what this level of investment is. And then you have Motor City Match that helps provide this gap that they probably couldn’t get anywhere else in the hopes of economic development and community stabilization.
Mr. Hodge stated, as a banker, he agrees with Ms. Forte and understands what this program is all about. He does, however, support Ms. Bruhn’s request for additional background information on applicant’s with very low equity.

Ms. Bruhn said that she knows some people are present at the meeting that could respond to questions that some Board members may have pertaining to the recent Detroit News article about the Motor City Match program. The article said that there was a concern about businesses not always being located in low to moderate income areas. Ms. Bruhn pointed out that some of the businesses today are in Corktown and Midtown.

Mr. Arthur Jemison of the Mayor’s office and Director of all departments that have Motor City Match under their jurisdiction, explained the administrative review process that HUD did on the Motor City Match program last year. Because it was a new program and has been very successful, Detroit has been the model for other cities. After the review process last year, HUD requested extensive changes in documentation and reporting, and staff is in the process of making those changes. This review process will not affect any of the previous awards. He pointed out that Detroit has Neighborhood Revitalization Strategy Areas (NRSAs) that were approved by HUD in 2014 that allow us to work with organizations that are not low to moderate income. Mr. Jamison advised that they will be bringing a renewal of the Sub-Recipient Agreement to the Board in early July, and because Motor City Match is a City-wide program, it will be using a different mixture of CBDG and General Funds dollars than in previous years so that businesses that are not located in the NRSAs will be able to get funding.

Subsequent to the discussion, the Board took the following action:

On a motion by Mr. Osei, seconded by Mr. Jackson, Resolution Code EDC 119-06-91-92 was unanimously approved.

Ms. Forte advised that she needed to leave and turned the Chair over to Ms. Bruhn.

**Motor City Re-Store Recommendations for Round 6 Business Awards**

Mr. Eugene-Lewis stated that on August 31, 2018 the EDC’s Motor City Re-Store program began accepting applications for Round 6 Design and Construction Track Awards. Motor City Re-Store is a matching façade grant program for existing businesses in Detroit. The table below describes the levels of award and qualifications.

When applications closed on October 5, 2018 Motor City Re-Store had received 41 applications for Round 6.

This memorandum and resolution focus on the selection and recommendation of awardees for:

- Foundation-funded "Construction" award track receiving cash grants and financing assistance
- CDBG-Funded “Design” award track receiving cost-shared architectural design, permitting and bidding assistance for pre-development; and connection to financing assistance as needed.

Staff verified business eligibility based on self-reported data submitted in the application for the following seven criteria:

1. The business is currently open and operating for at least one year with regular hours in the physical location
2. The business is not operating in a home
3. The business is located in the City of Detroit
4. The business is a for-profit entity
5. The business is majority-owned by a person who is at least 18 years or older
6. The business and all owners are in good standing with the City of Detroit, State of Michigan and IRS, and
7. The business is not part of a franchise.
Staff then sorted applications into appropriate award tracks and reviewed all applications to determine finalists. Finalist applicants were identified as follows:

- "Design" track applicants are existing Detroit business needing CDBG-funded architectural design assistance. Finalists were selected based on eligibility and feasibility of their project. In total, eighteen (18) "Design" finalists were selected.
- "Construction" track applicants have signed and sealed construction drawings or ready-to-bid projects that do not require construction drawings. Finalists were selected based on eligibility and feasibility of their project. In total, eleven (11) finalists were selected.

Finally, staff evaluated finalist applications based on seven criteria. "Construction" and "Design" applications were scored on a scale of 1-100. Selection criteria are as follows:

1. Vision and plan
2. Experience
3. Market support
4. Community benefit
5. Leverage
6. Age of Business
7. Impact of proposed storefront improvements

Based on the evaluations, EDC staff recommends:

- Eleven (11) "Construction" awardees presented in Exhibit A:
  - Foundation-Funded "Construction" awards estimated at $275,000 in an approval amount not to exceed $275,000.
- Twelve (12) awardees for "Design" presented in Exhibit B:
  - City-funded "Design" awards estimated at $120,000.

Total estimated Motor City Re-Store investment is $395,000.

EDC staff will connect awardees with architects to deliver services to "Design" awardees per the CDBG procurement processes. EDC staff will connect awardees to construction professionals to deliver services to "Construction" awardees if needed.

The EDC will enter into grant agreements with Round 6 Motor City Re-Store awardees and facilitate introductions to lending partners to pursue gap financing through these independent sources.

A resolution approving the staff's recommendation of "Design" and "Construction" awardees was included for the Board's consideration.

With there being no questions or discussion, the Board took the following action:

On a motion by Mr. Osei, seconded by Mr. Jackson, Resolution Code EDC 19-06-91-93 was unanimously approved.
Motor City Re-Store Recommendations for Round 7 Business Awards

Mr. Eugene Lewis advised that on November 30, 2018 the EDC's Motor City Re-Store program began accepting applications for Round 7 Design and Construction Track Awards. When applications closed on January 1, 2019 Motor City Re-Store had received 25 applications for Round 7.

This memorandum and resolution focus on the selection and recommendation of awardees for:

- Foundation-funded "Construction" award track receiving cash grants and financing assistance
- CDBG-Funded "Design" award track receiving cost-shared architectural design, permitting and bidding assistance for pre-development; and connection to financing assistance as needed.

Staff verified business eligibility based on self-reported data submitted in the application for the following seven criteria:

1. The business is currently open and operating for at least one year with regular hours in the physical location
2. The business is not operating in a home
3. The business is located in the City of Detroit
4. The business is a for-profit entity
5. The business is majority-owned by a person who is at least 18 years or older
6. The business and all owners are in good standing with the City of Detroit, State of Michigan and IRS, and
7. The business is not part of a franchise.

Staff then sorted applications into appropriate award tracks and reviewed all applications to determine finalists. Finalist applicants were identified as follows:

- "Design" track applicants are existing Detroit business needing CDBG-funded architectural design assistance. Finalists were selected based on eligibility and feasibility of their project. In total, six (6) "Design" finalists were selected.
- "Construction" track applicants have signed and sealed construction drawings or ready-to-bid projects that do not require construction drawings. Finalists were selected based on eligibility and feasibility of their project. In total, nine (9) finalists were selected.

Finally, staff evaluated finalist applications based on seven criteria. "Construction" and "Design" applications were scored on a scale of 1-100. Selection criteria are as follows:

1. Vision and plan
2. Experience
3. Market support
4. Community benefit
5. Leverage
6. Age of Business
7. Impact of proposed storefront improvements

Based on the evaluations, EDC staff recommends:

- Nine (9) "Construction" awardees presented in Exhibit A included in the Board material:
  - Foundation-Funded "Construction" awards estimated at $225,000 in an approval amount not to exceed $225,000.
- Six (6) awardees for "Design" presented in Exhibit B included in the Board material:
  - City-funded "Design" awards estimated at $60,000.
- Total estimated Motor City Re-Store investment is $285,000.

EDC staff will connect awardees with architects to deliver services to "Design" awardees per the CDBG procurement processes. EDC staff will connect awardees to construction professionals to deliver services to "Construction" awardees if needed.

The EDC will enter into grant agreements with Round 7 Motor City Re-Store awardees and facilitate introductions to lending partners to pursue gap financing through these independent sources.

A resolution approving the staff’s recommendation of “Design” and “Construction” awardees was included for the Board’s consideration.
Mr. Jackson noted that this round was heavy in District 6 and questioned why. Mr. Eugene-Lewis responded that the outreach is equal to all areas and that District 6 which includes Corktown and runs downriver is a very large area. Mr. Jackson stated that in the past, a map plotting all of the awardees was provided to the Board and requested that one be included in the Board package for future rounds.

Mr. Eugene-Lewis and Mr. Lucco distributed information packets to the Board on the Motor City Match and Re-Store awards that were just approved by the Board. Ms. Jensen advised that in the future, the information will be provided in the Board package.

Mr. Hodge noted that the Board had requested that the names of the business owners be provided and that there was one that did not list the individual owners. Mr. Eugene-Lewis apologized and stated that he will provided the names in the future.

Subsequent to the discussion, the Board took the following action:

On a motion by Mr. Jackson, seconded by Mr. Osei, Resolution Code EDC 19-06-91-94 was unanimously approved.

ADMINISTRATION

Ms. Jensen reminded the Board members that we will be going paperless as of the next meeting and will be using the tablets exclusively.

MOTOR CITY RE-STORE: ROUND 7 AWARDS

WHEREAS, EDC staff has completed due diligence and evaluation for applications ("Applications") in the sixth round ("Round 7") of the Motor City Re-Store Program; and

WHEREAS, the EDC staff has provided recommendations to the Board, to receive grant investment subject to EDC Board approval; and

WHEREAS, the EDC Board has determined that the staff recommendation is reasonable and consistent with the Motor City Re-Store program.

NOW, THEREFORE, BE IT RESOLVED that the EDC Board of Directors, accepts the current results of the Round 7 evaluation process, and approves the Applications that have been recommended for Motor City Re-Store “Construction” awards, attached hereto as Exhibit A and “Design” awards, attached hereto as Exhibit B.

BE IT FURTHER RESOLVED that the EDC Board of Directors, recommends that grant amounts not fully allocated each round (i.e., the remaining funds when quarterly “Construction” awards total less than $500,000) be repurposed and distributed in future rounds. In such cases, Staff would have the authority to recommend more than $500,000 in awards in future rounds, subject to the approval of the Board.

BE IT FURTHER RESOLVED that any two Officers, or any one of the Officers and any one of the Authorized Agents or any two of the EDC’s Authorized Agents shall hereafter have the authority to negotiate and execute all documents, contracts, or other papers and to take such actions as are necessary or appropriate to implement the provisions and intent of this resolution.

BE IT FINALLY RESOLVED that all of the acts and transactions of any Officer or Authorized Agent of the EDC, in the name and on behalf of the EDC, relating to matters contemplated by the foregoing resolutions, which acts would have been approved by the foregoing resolutions, except that such acts were taken prior to the execution of these resolutions, are hereby in all respects confirmed, approved and ratified.
