PROJECTS
Eastern Market Gateway
Mr. Vosburg presented the Brownfield Plan for the Eastern Market Gateway Redevelopment Project.

Project Introduction
Dev Detroit 1346 Gratiot LLC, an affiliate of Develop Detroit and Town Partners, is the project developer (the “Developer”) for the Plan which entails the construction of approximately 200 residential units, with a minimum of 20% of those units priced to meet affordable unit requirements for 80% of the Area Median Income. Retail and commercial spaces will include a minimum of 20,000 square feet, inclusive of live/work spaces as well as anticipated restaurant/bar uses and additional tenants, which will be a mix of new construction and the rehabilitation of existing structures. A parking structure will be constructed in the central portion of the property with a minimum of 200 parking stalls, both structured and surface to accommodate the development. The Developer will create greenspace as well as a piazza on the western portion of the Property, creating a gathering space within the district.

The total investment is estimated to be $70 million. The Developer is requesting $16,531,896.00 in TIF reimbursement.

There will be 70 temporary construction jobs and 40 FTE jobs. The 70 temporary jobs are expected to be created over a 2-year period once construction begins. The FTE jobs will be associated with the commercial and retail aspects of the development.

Property Subject to the Plan
The eligible property (the “Property”) consists of twenty-one (21) parcels, which will be combined into one parcel prior to City Council approval of the Plan: bounded loosely by Gratiot Avenue to the north, Russell Street to the east, Maple Street to the south, and Rivard Street to the west and includes the rights-of-way in Detroit’s Eastern Market neighborhood.

Basis of Eligibility
The Property is considered “eligible property” as defined by Act 381, Section 2 because (a) the Property was previously utilized or is currently utilized for a commercial and industrial use; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be a “facility.”

**Eligible Activities and Projected Costs**
The “eligible activities” that are intended to be carried out at the Property are considered “eligible activities” as defined by Section 2 of Act 381, because they include Pre-Approved Activities, Department Specific Activities (such as environmental remediation and abatement), Demolition Activities, Asbestos and Lead Abatement, Infrastructure Improvements, Site Preparation Activities, and Preparation and Implementation of a Brownfield Plan/Act 381 Work Plan. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. Construction is anticipated to begin in the spring of 2019 and eligible activities are slated to be completed within 24 months.

**Tax Increment Financing (TIF) Capture**
The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

The DBRA public hearing for the Plan was held on Thursday, August 30, 2018 at 5:30 pm at Eastern Market – Shed #5 located at Russel Street at Alfred Street in Detroit, Michigan. The results of the DBRA public hearing are attached.
Mr. George asked what the eligible activities are under the Plan. Mr. Vosburg stated that the eligible activities include environmental investigation, demolition, site preparation, infrastructure improvements, and lead and asbestos abatement.

Mr. George asked if the existing structures will be demolished. Mr. Vosburg stated that there will be a new mixed-use building constructed and that some of the existing structures will remain.

Ms. Nwaesei stated that Ms. Mays has previously provided disclosure to the DBRA Board of her position as President and CEO of Develop Detroit in accordance with Michigan Public Act 317, and that a roll call vote of the DBRA Board for the DBRA resolution will be required.

Mr. Walters called for a motion for a roll call vote approving the Brownfield Plan for Eastern Market Gateway and its submittal to the Detroit City Council as presented.

On a motion by Ms. Wilkins, seconded by Ms. McClain, the Board took the following action: Mr. Scott, Ms. Washington, Mr. George, Ms. McClain, Ms. Wilkins, and Mr. Walters voted to approve the resolution. Ms. Mays abstained. No members present opposed the resolution. DBRA Resolution Code 18-09-260-02 was approved.

**Auto Body One Recommend Termination**

Mr. Vosburg presented the Auto Body One Brownfield Plan and described the circumstances that have led to the proposed termination of the Development Agreement and the Brownfield Plan.

The Detroit Brownfield Redevelopment Authority intends to terminate the Development Agreement between Auto Body One, Inc. (the “Developer”) and the City of Detroit Brownfield Redevelopment Authority dated April 1, 2001 (the “Development Agreement”) in accordance with Section 9(c) of the Development Agreement. Section 9(c) of the Development Agreement states:

The DBRA may terminate this Agreement should Owner (1) fail to fulfill in a timely and proper manner any of its obligations under this Agreement or (2) violate a representation or warranty of any of the covenants, agreements, or stipulations of this Agreement; provided that before such termination the DBRA shall deliver to the Owner a written notice of termination specifically describing the breach causing issuance of the notice of termination, and the Owner shall have thirty (30) days after delivery of the notice to cure such termination. If the Owner cures within the time allowed, then this Agreement shall not be terminated for breach. If the Owner does not cure, then the termination shall be effective on the 31st day after the notice of termination is delivered.

Section 4(e) of the Development Agreement states that “[t]he Owner shall provide the DBRA with a final certification of costs of Eligible Activities within 90 days after the earlier of the date of completion of the Eligible Activities for which reimbursement is sought under this Agreement or 5 years after the effective date of this Agreement.”

The effective date of the Development Agreement was the date of the approval of the Auto Body One Brownfield Redevelopment Plan (the “Plan”). The Plan was approved by Detroit City Council on April 11, 2011. By letter dated April 8, 2015, the DBRA detailed the documentation that would need to be submitted to the DBRA in order to receive reimbursement (the “Letter”). To date, the documentation required by Section 4 of the Development Agreement has not been provided to the DBRA.

In the event the documentation required by Section 4(e) of the Development Agreement (i.e. Items 1-8 of the Letter) is not received by the DBRA within 30 days of Developer’s receipt of the Notice of Termination, the Development Agreement shall be considered terminated as of the 31st day after the Notice of Termination is delivered.

Section 9(d) of the Development Agreement states “[u]pon the effective date of the termination of this Agreement, the DBRA shall have no further obligation under this Agreement to make any
payments to Owner in reimbursement of any costs of Eligible Activities incurred or to be incurred by the Owner.

Upon termination of the Development Agreement, the DBRA shall have no further obligations to the Developer and shall recommend the abolishment/termination of the Plan to the Detroit City Council in accordance with Section 14(8) of Act 381 of 1996, as amended.

Section 14(8) of Act 381 of 1996, as amended, states:

“A brownfield plan or plan amendment may be abolished or terminated according to this subsection subject to all of the following:

(b) The governing body may terminate a brownfield plan or plan amendment for an eligible property if the project for which eligible activities were identified in the brownfield plan or plan amendment fails to occur with respect to the eligible property for at least 2 years following the date of the resolution approving the brownfield plan or plan amendment, provided that the governing body first does both of the following:

(i) Gives 30 days’ prior written notice to the developer at its last known address by certified mail or other method that documents proof of delivery attempted.

(ii) Provides the developer an opportunity to be heard at a public meeting.”

Over the years, the DBRA has approved Brownfield Plans which describe projects that have failed to come to fruition (the “Plan(s”)). These Plans, particularly Plans that involve TIF revenue, create an administrative burden for the City and the DBRA with multiple annual accounting and reporting requirements for each Plan. Additionally, a stalled Plan prevents a new proposed development from being able to use and/or take full advantage of Brownfield TIF. Terminating a Plan allows new proposed developments to make full use of Brownfield TIF financing through a new Brownfield Plan that is in line with the new proposed development.

The project, developed by Auto Body One, Inc., proposed the redevelopment of 5 parcels in Detroit. No eligible costs have been submitted to the DBRA for the project. Section 14(8)(b) of Act 381 of 1996, as amended, allows City Council to terminate the plan as a result.

It is the opinion of DBRA staff that the Development Agreement and the Auto Body One Plan should be terminated due to the fact that no eligible costs for the project have been submitted and more than 2 years has passed since City Council approval of the Plan. On October 10, 2017 City Council delegated authority to the DBRA to issue 30-day notices for termination to Developers on behalf of City Council. DBRA staff, upon DBRA approval, will send a notice via certified mail to the Developer no less than 30 days before the date City Council is scheduled to terminate the Plan.

A resolution recommending the following actions for the Plan is attached for your review and approval:

1. Recommendation to terminate the Development Agreement.

2. Issue a certified letter notifying the Developer of the intent to terminate the Development Agreement in no less than 30 days if Developer fails to cure the breach causing issuance of the notice of termination.

3. Recommendation to terminate the Plan to City Council, if Developer fails to cure the breach causing issuance of the notice of termination.

4. Issue a certified letter notifying the Developer of: the intent to terminate the Plan in no less than 30 days, the schedule of City Council meetings where the termination will be contemplated, and the opportunity to be heard at a public meeting.
5. Authorization to the DBRA to terminate the Reimbursement Agreement and any other agreements or contracts between Developer and the DBRA executed in conjunction with the Plan upon termination of the Plan by City Council.

The Plan will be formally terminated upon adoption of a Resolution for the Plan by City Council and following the signing of the Resolution by the Mayor.

Ms. Mays asked what the termination of the Development Agreement and the Brownfield Plan will mean for the Developer. Mr. Vosburg described the process of TIF reimbursement, the developer’s submission of certified costs, the DBRA’s process of reviewing the submitted costs, and described the Developer’s failure to submit costs to be reviewed and certified.

Ms. Mays asked what the economic impact is on the Developer if the Brownfield Plan is terminated. Mr. Vosburg stated that the Developer will not be able to receive TIF reimbursement under the Brownfield Plan.

Ms. Mays asked why a developer would go through the process to create a Brownfield Plan and go through the approval process if they were not going to effectively pursue TIF reimbursement. Ms. Nwaesei stated that the circumstances for the Developer have led to their failure to submit costs to be reviewed and certified by the DBRA, and that some developers offer the TIF reimbursement as collateral to lenders and if the Brownfield Plan is terminated they may have consequences with their lenders.

Ms. Kanalos stated that the DBRA has been working with the Developer for years to receive costs to be reviewed and certified in order to receive TIF reimbursement, and the Developer will receive notice of the DBRA’s intent to terminate the Development Agreement and the Brownfield Plan.

Ms. Wilkins asked if the TIF reimbursement amount was not what was expected by the Developer or is it possible that they wanted money for something that they did not do. Mr. Vosburg stated that the Developer has failed to submit costs to be reviewed and certified for TIF reimbursement and that has led to the recommendation of termination.

Ms. Nwaesei stated that the tax increment revenue that has been collected under the Brownfield Plan will be returned to the applicable taxing jurisdictions.

Ms. Mays asked if the Developer will be surprised when they receive the notice of the DBRA’s intent to terminate the Development Agreement and the Brownfield Plan. Mr. Vosburg stated that the Developer should not be surprised when they receive the notice. Ms. Kanalos added that the Developer will have the opportunity to speak on their behalf when the termination of the Brownfield Plan goes to Detroit City Council for review. Mr. Vosburg stated that the notice will be sent through certified mail.

Ms. Washington asked if there is any indication that the Developer will try to resist the termination. Mr. Vosburg stated that the Developer has had a significant amount of time and contact with the DBRA regarding the possibility of termination.

Mr. Walters called for a motion approving the recommendation to terminate the Auto Body One Development Agreement; the Auto Body One Brownfield Plan; to issue a Notice to the Developer; and to submit the recommendation to terminate to the Detroit City Council. The Board took the following action:

On a motion by Ms. Wilkins, seconded by Ms. McClain DBRA Resolutions Code 18-09-122-04 was unanimously approved.

**Tireman and Epworth Recommend Termination**

Mr. Vosburg presented the Tireman and Epworth Brownfield Plan and described the circumstances that have led to the proposed termination of the Development Agreement and the Brownfield Plan.

The Detroit Brownfield Redevelopment Authority intends to terminate the Reimbursement Agreement between Tireman Associates, LLC (the “Developer”) and the City of Detroit Brownfield Redevelopment
Authority dated November 21, 2007 (the “Reimbursement Agreement”) in accordance with Section 9(c) of the Development Agreement. Section 10(b) of the Development Agreement states:

The DBRA may terminate this Agreement should Owner (1) fail to fulfill in a timely and proper manner any of its obligations under paragraph 3, 4 or 7; or (2) violate a representation or warranty in paragraph 10(a); provided that before such termination the DBRA shall deliver to the Owner a written notice of termination specifically describing the breach causing issuance of the notice of termination, and the Owner shall have thirty (30) days after delivery of the notice to cure such termination; provided however, if the nature of the breach is such that 30 days is not a reasonable time to complete the cure, the provided Owner has commenced with activities to cure the breach and is diligently pursuing the cure of the breach, the Owner shall have a reasonable time to cure the breach, provided, however, in no event shall such cure period exceed 90 days with the prior written consent of the DBRA. If the Owner cures within the time allowed (as may be extended), then this Agreement shall not be terminated for breach. If the Owner does not cure, then the termination shall be effective on the 31st day after the notice of termination is delivered unless the cure period is extended pursuant to this Section.

Section 4(e) of the Reimbursement Agreement states that “The Owner shall notify the DBRA of completion of the Eligible Activities for which reimbursement may be sought under this Agreement and will execute and deliver to DBRA and the City a Certificate of Completion. The Owner shall provide the Certificate of Completion within ninety (90) days after the date of completion of the Eligible Activities for which reimbursement is sought under this Agreement. The Owner may receive progress payments under paragraph 4(c) for costs incurred for Eligible Activities prior to submitting the Certificate of Completion.”

The effective date of the Reimbursement Agreement was the date of the approval of the Tireman and Epworth Brownfield Redevelopment Plan (the “Plan”). The Plan was approved by Detroit City Council on October 21, 2007. By letter dated October 21, 2016, the DBRA detailed the documentation that would need to be submitted to the DBRA in order to receive reimbursement (the “Letter”). To date, the documentation required by Section 4 of the Reimbursement Agreement has not been provided to the DBRA.

In the event the documentation required by Section 4(e) of the Reimbursement Agreement is not received by the DBRA within 30 days of Developer’s receipt of the Notice of Termination, the Reimbursement Agreement shall be considered terminated as of the 31st day after the Notice of Termination is delivered.

Section 10(c) of the Reimbursement Agreement states that “[u]pon the effective date of the termination of this Agreement, the DBRA shall have no further obligation under this Agreement to make any payments to Owner in reimbursement of any costs of Eligible Activities incurred or to be incurred by the Owner.

Upon termination of the Reimbursement Agreement, the DBRA shall have no further obligations to the Developer and shall recommend the abolishment/termination of the Plan to the Detroit City Council in accordance with Section 14(8) of Act 381 of 1996, as amended.

Section 14(8) of Act 381 of 1996, as amended, states:

“A brownfield plan or plan amendment may be abolished or terminated according to this subsection subject to all of the following:

(b) The governing body may terminate a brownfield plan or plan amendment for an eligible property if the project for which eligible activities were identified in the brownfield plan or plan amendment fails to occur with respect to the eligible property for at least 2 years following the date of the resolution approving the brownfield plan or plan amendment, provided that the governing body first does both of the following:

(iii) Gives 30 days’ prior written notice to the developer at its last known address by certified mail or other method that documents proof of delivery attempted.

(iv) Provides the developer an opportunity to be heard at a public meeting.”
Over the years, the DBRA has approved Brownfield Plans which describe projects that have failed to come to fruition (the "Plan(s)"). These Plans, particularly Plans that involve TIF revenue, create an administrative burden for the City and the DBRA with multiple annual accounting and reporting requirements for each Plan. Additionally, a stalled Plan prevents a new proposed development from being able to use and/or take full advantage of Brownfield TIF. Terminating a Plan allows new proposed developments to make full use of Brownfield TIF financing through a new Brownfield Plan that is in line with the new proposed development.

The project under the Plan proposed the redevelopment of 4 parcels in Detroit. Sufficient eligible costs have not been submitted to the DBRA for the project. Section 14(8)(b) of Act 381 of 1996, as amended, allows City Council to terminate the Plan as a result.

It is the opinion of DBRA staff that the Reimbursement Agreement and the Plan should be terminated due to the fact that sufficient eligible costs have not been submitted and more than 2 years has passed since City Council approval of the Plan. On October 10, 2017 City Council delegated authority to the DBRA to issue 30-day notices for termination to Developers on behalf of City Council. DBRA staff, upon DBRA approval, will send a notice via certified mail to the Developer no less than 30 days before the date City Council is scheduled to terminate the Plan.

A resolution recommending the following actions for the Plan is attached for your review and approval:

1. Recommendation to terminate the Reimbursement Agreement.
2. Issue a certified letter notifying the Developer of the intent to terminate the Reimbursement Agreement in no less than 30 days if Developer fails to cure the breach causing issuance of the notice of termination.
3. Recommendation to terminate the Plan to City Council, if Developer fails to cure the breach causing issuance of the notice of termination.
4. Issue a certified letter notifying the Developer of: the intent to terminate the Plan in no less than 30 days, the schedule of City Council meetings where the termination will be contemplated, and the opportunity to be heard at a public meeting.
5. Authorization to the DBRA to terminate the Reimbursement Agreement and any other agreements or contracts between Developer and the DBRA executed in conjunction with the Plan upon termination of the Plan by City Council.

The Plan will be formally terminated upon adoption of a Resolution for the Plan by City Council and following the signing of the Resolution by the Mayor.

Mr. Walters called for a motion approving the recommendation to terminate the Tireman and Epworth Reimbursement Agreement; Tireman and Epworth Brownfield Plan; to issue a Notice to the Developer; and to submit the recommendation to terminate the Brownfield Plan to the Detroit City Council. The Board took the following action:

On a motion by Ms. McClain, seconded by Mr. George DBRA Resolution Code 18-09-142-04 was unanimously approved.
