Small Business and Commercial Corridor Revitalization Program: Authorization to Replenish Funding for Community Development Block Grant Subrecipient Agreement

Ms. Pledl advised that, as the Board is aware, at the request of the City of Detroit (the “City”), Mayor’s Office, the EDC is administering small business and commercial corridor revitalization programs known as Motor City Match and Motor City Re-Store (the “Programs”).

Community Development Block Grant (“CDBG”) funds from the City for Programs implementation were transferred to the EDC pursuant to previous Community Development Block Grant subrecipient agreements. There is a need to replenish the CDBG funding to continue to support the Programs. Subject to City Council approval, the City’s Housing and Revitalization Department has agreed to allocate additional CDBG funding to further support the Programs in the amount of One Million Five Hundred Thousand 00/100 Dollars ($1,500,000.00) for the term of January 1, 2019 through the current termination date of June 30, 2019 (the “Agreement”). The proposed scope of services and budget were included as Exhibits A and B, respectfully.

EDC staff recommended that the EDC Board of Directors authorize the execution of the Agreement. A resolution was included for the Board’s consideration.

With there being no questions or discussion, the Board took the following action:

On a motion by Ms. Clayson, seconded by Mr. Roling, Resolution Code EDC 18-12-91-80 was unanimously approved.

I-94 Industrial Park: Stokes et al v EDC—Engagement of Counsel

Ms. Navin explained that in the Spring of 2018, a group of plaintiffs filed a complaint against the City of Detroit and various industrial users in and around the I-94 Industrial District, claiming certain tortious acts and inverse condemnation on account of the I-94 Industrial Park and other nearby industrial sites. In Fall of 2018, the judge granted the plaintiffs’ motion to add the EDC and certain other parties to the case. Counts against the EDC include negligence, nuisance, and violations of the Michigan Environmental Protection Act, the Economic Development Corporations Act, and the Equal Protection clause of the Constitution. The plaintiffs are seeking class certification.

Staff recommended the engagement of Fink and Associates (“Fink”) to act as counsel to the EDC in this matter at a blended rate of $275 per hour. Fink has a demonstrated history of defending the other public authorities (DDA and DBRA) in lawsuits arising out of projects and has ample experience in class action lawsuits. In addition, as Fink has served as counsel to the City on various litigation matters in the past, staff believes that such experience will be helpful as coordination with the City on this matter will be important.

A resolution approving the engagement of Fink was included for the Board’s consideration.

December 18, 2018
Mr. Jackson questioned who was representing the Plaintiff in the lawsuit. Ms. Navin responded that she believes that it is Alice Jennings. Mr. Jackson then asked who the Judge in the case was and Ms. Navin said she would have to get back to him on that. Ms. Clayson asked if it would be possible for the Board to get a copy of the Complaint. Ms. Navin responded that we would send the Summons and Complaint, as well as the answers to Mr. Jackson's questions, following the meeting.

Subsequent to the discussion, the Board took the following action:

On a motion by Ms. Clayson, seconded by Mr. Jackson, Resolution Code EDC 18-12-12-52 was unanimously approved.

East Riverfront: Approval to Change Contractor Selection for Stockpile Removal

Ms. Navin stated that on November 13, 2018, the EDC Board approved the use of Ideal Contracting to remove the soil stockpile deposited at 2155 Dubois. As the Board will recall, removal of the soil stockpile is necessary to facilitate the construction of a parking lot at this site and complete the necessary geotechnical and assessments of the ground below. The cost proposal from the selected firm changed after approval by the Board. Due to the change in the cost proposal, EDC staff has determined it is in the best interest of the EDC to utilize the next most responsive bidder, Rickman Enterprises.

EDC staff had previously received three responses, all from Detroit-based firms. The purpose of soliciting a proposal from interested and qualified professional constructors was to remove the soil stockpile as follows:

- Soil stockpile removal and disposal based on results submitted by NTH Consultants environmental testing results.
- Removal of overgrown vegetation, trees and brush.

EDC staff requested approval for the execution of a construction services agreement with Rickman Enterprises, a Detroit-based business, for an amount not to exceed one hundred forty-two thousand two hundred and 00/100 dollars ($142,200.00). A resolution was included for the Board's consideration.

Subsequent to a discussion, the Board took the following action:

On a motion by Mr. Quarles, seconded by Mr. Osei, Resolution Code EDC 18-12-52-11 was unanimously approved.
