ADMINISTRATION: AMENDMENT TO BROWNFIELD PLAN GUIDELINES

WHEREAS, the City of Detroit Brownfield Redevelopment Authority (the “DBRA”) has been established by resolution of the City Council of the City of Detroit (the “City”) pursuant to 381 PA 1996 (“Act 381”) for the purpose of promoting the revitalization of environmentally distressed areas in the City; and

WHEREAS, under Act 381 the DBRA is authorized to develop and propose for adoption by City Council a brownfield plan for one or more parcels of eligible property; and

WHEREAS, on July 16, 2002, the DBRA adopted its Guidelines for Brownfield Plan Proposals (the “Guidelines”) to provide owners and developers of eligible property who may seek assistance available under Act 381 with guidelines the DBRA will consider in reviewing proposed brownfield plans; and

WHEREAS, the DBRA desires to amend the Guidelines to as presented in the attached “Exhibit A Guidelines” effective August 24, 2016.

NOW, THEREFORE, BE IT RESOLVED:

The Guidelines are amended as stated on the attachment.

1. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution are rescinded.

August 24, 2016
WHEREAS, the DBRA was created pursuant to Act 381 of the Public Acts of Michigan of 1996 ("Act 381") for the purpose of facilitating the implementation of brownfield plans and promoting the revitalization, redevelopment, and reuse of certain property, including, but not limited to, tax reverted, blighted or functionally obsolete property within the City of Detroit; and

WHEREAS, the City of Detroit, by and through its Building, Safety Engineering & Environmental Department ("BSEED"), established a Brownfield Clean Up Revolving Loan Fund Program ("BCRLF") and used U.S. Environmental Protection Agency (the “EPA”) Funds to administer grants and loans to eligible developers in accordance with the Assistance Agreement; and

WHEREAS, the City of Detroit BSEED subsequently received repayments on the BCRLF loans, as well as fees and earned interest, totaling Two Hundred Forty-Five Thousand and 00/100 Dollars ($245,000.00) (the “Program Income”); and

WHEREAS, the City of Detroit BSEED desired to transfer the Program Income to the DBRA so that DBRA could develop a revolving loan program to make the Program Income available as loans to eligible developers for qualified clean-up costs on eligible property (the “Program”); and

WHEREAS, the EPA approved the transfer of the Program Income with a six (6) month obligation condition; and

WHEREAS, pursuant to that certain Funding Agreement between the City of Detroit BSEED and DBRA dated May 10, 2016, the City of Detroit BSEED transferred the Program Income to DBRA on July 27, 2016; and

WHEREAS, on August 4, 2016, the EPA informed BSEED and the DBRA that the EPA was imposing a revised condition which would require the DBRA to obligate the Program Income by October 15, 2016 and expend the funds by June 1, 2017 (the “New Deadlines”); and

WHEREAS, the EPA informed BSEED and the DBRA that any unobligated Program Income would be subject to recapture by the EPA after October 15, 2016, and that any obligated, but not disbursed, Program Income would be subject to recapture by the EPA after July 1, 2017; and
WHEREAS, to expedite the obligation and expenditure of the Program Income by the New Deadlines, in addition to making loan, the EPA will also permit the DBRA to utilize the Program Income as grant funds for Environmental Site Assessments (“ESA”); and

WHEREAS, the BSEED and DBRA staff feel that there is a large need for ESA grant funding in the City of Detroit and that a pipeline of projects could be quickly identified to meet the October 15, 2016 obligation deadline; and

WHEREAS, the Board of Directors has determined that an Amendment to Funding Agreement is required in order to spend the Program Income as grant funding for ESA.

NOW THEREFORE BE IT RESOLVED, that Board of Directors of the City of Detroit Brownfield Redevelopment Authority does hereby authorize the negotiation and execution of an Amendment to that certain Funding Agreement between the DBRA and the City of Detroit, by and through its Building, Safety Engineering & Environmental Department to permit the DBRA to utilize the Program Income as grant funds for Environmental Site Assessments.
